Pius Kariuki

Full Stack Engineer (React/Vue/Node/Django/Mongo/Express)
Nairobi, Nairobi County, Kenya

Summary

Pius is a proficient Software Engineer who utilizes tools like Vue JS and React for 3+ years. With a great eye for design and good problem solving skills, he has been able to provide software solutions to client problems. He enjoys the process of building a software platform to life but is able to deliver projects under strict deadlines.

Pius also has experience building Rest and Graph APIs using technologies like Node JS, Express JS and Django.

Experience

Welz

Senior Frontend Developer
